

These eyes have seen twenty-two countries  
three careers, eleven grandchildren and  
five World Series. I don't want to miss a thing.  
You better believe that I protect them  
with KBco Polarized Lenses.

**THE POLARIZED LENS COMPANY**

Vision shouldn't be an obstacle

## EOS Wrap™ from KBco

Great Optics for Oversized Fashion And Performance Wrap Frames. KBco, The Polarized Lens Company has done it again. The polarized EOS Wrap™ is a comprehensive solution. It's unique use of asphericity delivers outstanding optics and an expansive distance viewing zone in oversized wrap frames for Rxs ranging from -4.50D to +2.50D. And, only EOS Wrap comes in a blank size large enough—83mm with 3 mm of decentration—to take on oversized wrap frames. EOS Wrap is available in KBco True Grey, KBco Grey C and KBco Brown C and features our Super WearGard coating. Best of all, EOS Wrap is available from all full service laboratories.
